**LDEQ's EnviroSchool to host webinar –  
LDEQ's New Vision 2021: An Evolving Approach to the TMDL Program**

**BATON ROUGE** – The Louisiana Department of Environmental Quality's (LDEQ) EnviroSchool will hold a live webinar discussing LDEQ's New Vision 2021: An Evolving Approach to the TMDL Program.

This session will provide an update on Total Maximum Daily Load (TMDL) related activities planned under LDEQ's New Vision approach. A long-term vision for assessment, restoration, and protection under the CWA 303(d) Program allows states to identify and prioritize watersheds. The primary goals of this "new" vision include prioritization, assessment, protection, alternatives, engagement, and integration. The "new" vision will guide the realization of our clean water goals in a manner that recognizes lessons learned and addresses new challenges with innovative solutions.

**When: 10 a.m. Thursday, Oct. 14**

**Online: Live Webinar Only**

Please register by emailing [enviroschool@la.gov](mailto:enviroschool@la.gov).

The EnviroSchool program at LDEQ is the environmental education outreach arm of the agency and provides training for communities, businesses, and other organizations on a number of regulatory topics. The program aims to inform attendees about the environmental regulatory process and to maintain and improve environmental compliance.

The workshops are free and open to the public. If you are interested, please feel free to register for any of our workshops. For more information, go to <http://deq.louisiana.gov/page/enviroschool> or email EnviroSchool at [Enviroschool@la.gov](mailto:Enviroschool@la.gov).
